The Wiselan® Home Cabling Cabinets have been designed with both the installer and end user in mind. Manufactured from quality material and finished to a high standard, available in two sizes to suit any size or type of installation.

The Cabinets house all wiring and offer a neat, manageable central location for your LAN (PC Network), Telephone, Internet and TV Distribution.

The cabinet's compact design and stylish finish allows it to be sited in the smallest of cupboards, Utility areas etc.
